Job Title: AI Linguistics Specialist (English Language)

We are seeking highly motivated individuals to join our team as AI Linguistic Optimization Specialist (AI LS). In this role, you will play a crucial part in ensuring the quality and effectiveness of our chatbot's responses in English language.

Key Responsibilities:

- Evaluate chatbot responses in English language to user queries or prompts.
- Compare multiple responses to the same query and determine which response is more accurate, relevant, and helpful.
- Provide detailed justifications for your evaluations, explaining why one response is preferable over another.
- Maintain accurate records of evaluations and feedback for future reference.
- Stay up-to-date with company policies, products, and industry trends to ensure accurate evaluations.
- Participate in regular training sessions to enhance evaluation skills and knowledge.

Requirements:

- Excellent communication skills in English, with the ability to articulate thoughts and opinions clearly.
- Proficiency in written and spoken English language at an advanced level with excellent comprehension skilss
- Good vocabulary, excellent grammar and an eye for detail
- Ability to analyse, rephrase and modify content
- Clear, concise & compelling writing and proof - reading skills
- Strong analytical and critical thinking skills.
- Demonstrated capability to type in English fluently without reliance on external tools or copy-pasting from platforms like ChatGPT

- Ability to work independently and collaboratively in a team environment.
- Basic computer skills, including familiarity with chatbot platforms (training will be provided).
- Prior experience in customer service, content evaluation, or a related field is a plus but not required

Educational Qualifications : BE/BTech/ME/MTech
